EUROPEAN UNION

Project co-funded by
H2020 Programme under
Grant Agreement n° 727486

OVERALL OBJECTIVE

It is a consolidated common agricultural and wider bioeconomy research agenda within the European Research Area. This will be achieved through enhanced cooperation, coordination and information exchange between the Member states, the associated countries and the European Commission. The overarching aim of CASA will be achieved through the accomplishment of the following 4 specific objectives:

PROJECT STRUCTURE

- ✓ WP 1: Representativeness
- ✓ WP2: Added value and improved quality for greater impact
- ✓ WP3: Strengthening strategic advice
- ✓ WP4: Communication and dissemination
- ✓ WP5: Coordination and management

WHO

ARE WE...

CASA is a Coordination and Support Action. The CASA consortium brings together a number of ministries, research programme owners and managers and other institutions active in the wider bioeconomy area. Amongst them, they share profound expertise and long-standing experience in policy making, international cooperation and coordination, research programme administration, and project management in the bioeconomy and related research and policy fields. The consortium consists of committed and experienced actors from 10 organisations and 8 European countries: Belgium, Denmark, France, Germany, Ireland, Italy, Portugal and The Netherlands.

objectives:

- ✓ Increased and broadened participation, interaction and collaboration between Member states, European Commission... in the different SCAR bodies
- ✓ Improved quality of outputs and outcomes of SCAR (SWG, CWG...)
- ✓ Strengthening the production of more strategic policy advice
- ✓ Improved overall organisation, communication and dissemination of SCAR activities and outputs
