

SCAR FOOD SYSTEMS SWG and the European Commission
4th WORKSHOP

Horizon Europe Partnership: Safe and Sustainable Food Systems
for people, planet and climate

29th September 2021

From 9.30 to 13.00, online

INVITATION

The [SCAR FOOD SYSTEMS Strategic Working Group](#) (SCAR FS SWG) and the European Commission are jointly organising the **4th workshop** on the candidate Horizon Europe Partnership on “[Safe and Sustainable Food System for People, Planet and Climate](#)” (SSFS), which will be held on **29th September**, from **9.30 to 13.00, online**.

Human health, social and environmental sustainability depend directly on our food, but the way we consume, process and produce food requires changes, urgent and collaborative actions.

The Safe and Sustainable Food Systems Partnership will provide the scientific evidence, as well as the collaborative experience, to support the transformation of local, national, European and global food systems, making them safe, sustainable, within planetary boundaries, healthy, resilient and trusted – for everyone. It will enable the co-creation and deployment of R&I actions to accelerate the systemic transformation.

The Food Systems Partnership aims to establish an overarching platform bringing together stakeholders from different sectors of the food systems and connecting with relevant existing initiatives and networks¹ (e.g. ERA-NETs, JPIs, EIT, projects, etc.).

We kindly invite you to take part in this co-creation process and join us to exchange ideas on the SSFS Partnership and its goals.

Registration: Please register for the workshop [here](#)

Registrations are open until 27th September (end of the day).

Further information:

If you would like to learn more about the focus areas that the partnership should address, we encourage you to read the narrative and the fact sheet developed by a group of experts and in collaboration with the European Commission and the SCAR FOOD SYSTEMS SWG as convening platform:

Narrative: <https://scar-europe.org/index.php/food-main-actions/food-systems-partnership>

Fact Sheet: <https://op.europa.eu/en/publication-detail/-/publication/ca9da79e-df96-11eb-895a-01aa75ed71a1/language-en>

Agenda and connection details

The agenda and the connection details will be provided by the Commission before the workshop.

For any questions and suggestions, please do not hesitate to contact Anastasiya at:
anastasiya.terzieva@inrae.fr

We are looking forward to your participation.

Best regards,
The organising team
