1st Annual Training Webinar for New SCAR Groups members

Introduction

18/09/2024

Stefano Grando (MASAF)

Funded by
the European Union

Basic information

The meeting will be recorded, and a picture of participants will be taken for reporting and archive

You can use the chat, but we encourage you to take the floor

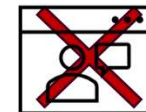

Raise your hand when you want to speak

Keep your microphones muted when you do not speak

Switch off the video during the presentations

Aim of the Webinar

This webinar, the first of an annual series, is part of RefreSCAR activities in support of SCAR Groups (WG/TF).

It aims at providing

- ✓ insights into SCAR's structure, objectives and initiatives from different perspectives: EC, Group chairs, national delegates;
- ✓ presentation of the 'Induction Package', a user-friendly guide to familiarize you with the SCAR environment;
- ✓ an opportunity for new members to engage in participatory sessions and to connect with other newcomers and experienced members.

It is organised **back-to-back with the start of the SCAR-Engage programme**, mainly targeted to new SCAR WG/TF members from countries under-represented or less visible in SCAR

Agenda of the Webinar

Time	Topic	Presenter
14:00	Introduction and agenda of the day	Stefano Grando, Dalila Frasson (MASAF)
14:10	Icebreaker (Mentimeter), tour de table and photograph	New SCAR group members
