2nd Annual Training Webinar for New SCAR Groups members

Introduction

08/07/2025

Stefano Grando (MASAF)

Funded by
the European Union

Basic information

The meeting will be recorded and pictures of participants will be taken for reporting and archive

Two registered participants did not give consent for appearing. And maybe others not registered? You can hide yourself during the webinar. Issues with names?

You can use the chat but we encourage you to take the floor

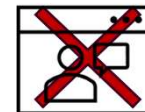

Raise your hand when you want to speak

Keep your microphones muted when you do not speak

Switch off the video during the presentations

Aim of the Webinar

This webinar, the second of an annual series, is part of RefreSCAR activities in support of SCAR Groups (WG/TF)

- ✓ an informal and interactive welcome into the SCAR community
- ✓ an insight into SCAR's structure, objectives and initiatives from different perspectives
- ✓ a presentation of the 'Induction Package', a user-friendly guide to the SCAR environment
- ✓ an opportunity to connect with other newcomers and experienced members

SCAR NEWS

First annual Training Webinar for new SCAR Group members

The **1st annual Training webinar** for new SCAR Working Group members has been held on 18 September 2024.

The webinar, organised back-to-back with the start of the **SCAR-Engage programme** organised the day before, was followed by more than 40 people, most of them “newcomers” to the SCAR world, from different countries and different SCAR groups.

The meeting offered insights into SCAR’s objectives and initiatives, including a presentation of the newly developed **‘Induction Package’**, a user-friendly guide to familiarize with the SCAR environment. The webinar also provided an opportunity for new Groups’ members to connect with fellow newcomers and experienced members.

A warm welcome to a vibrant community
