

Chair:

- Andrea Marsella

Co-Chair:

- TBC

Mandate:

- June 2023-2026

Members:

- 19 countries + EC and key advisors

SCAR
Standing Committee
on Agricultural Research

FISH  Fisheries and
Aquaculture Research

 SCAR Fish member  SCAR member  Not a member

Current ToR

- To forge a strong linkage between Member states Ministries in charge of Fisheries (including fresh water) and aquaculture and the European Commission (DG Research & Innovation, DG MARE, DG Environment).
- To further develop existing collaboration and initiate new collaborations between member states, on a long term basis, to achieve a cost effective system of research effort in the areas of fisheries and aquaculture that supports the Common Fisheries Policy.
- To develop an agreed list of fisheries and aquaculture common research priorities that need to be addressed by SCAR Fish and that inform the commission and the Member states administrations.
- To collate existing information and where necessary collect new information in the areas of foresight, common research agendas and mapping EU capacities to support a European research area for fisheries and aquaculture.

Objectives:

- To contribute to define EU research priorities within relevant initiatives: H2020 Work Programmes, Bioeconomy Strategy, Food & Nutrition security Strategy with inputs from SWG Food Systems, Agro-food and Forestry Strategy, Circular economy.
- To collate and analyze existing and new information in the framework of:
 - Foresight studies
 - Common research agendas

Innovation in fisheries monitoring science
 - Fisheries dependent data as a tool for real-time advice
 - December 2022

Recommendations for applying Nature-Based Solutions as an approach for sustainable use of aquatic resources while achieving the policy goals of the biodiversity strategy
 - January 2022

EVALUATION OF THE FRESHWATER AQUACULTURE RESEARCH NEEDS IN EUROPE
 - January, 2020

Paper
Innovation in fisheries monitoring science - Fisheries dependent data as a tool for real-time advice

2025
